### ABOUT US

Impuls Medical Institute (IMI) is a private institute in Namangan, Uzbekistan. It is located in the east side of the country named Valley. Founded in 2019 as a branch of Andijan Medical Institute (AMI) which has a twenty-five year experience. The Institute has a cooperative contract with AMI.

### OUR AIM

We aim to be an innovative center of excellence in learning, research, producing competent, caring and ethical professionals who are lifelong learners. We are committed to achieving the highest standards of intellectual, educational and research productivity.

### WHY TO CHOOSE US?

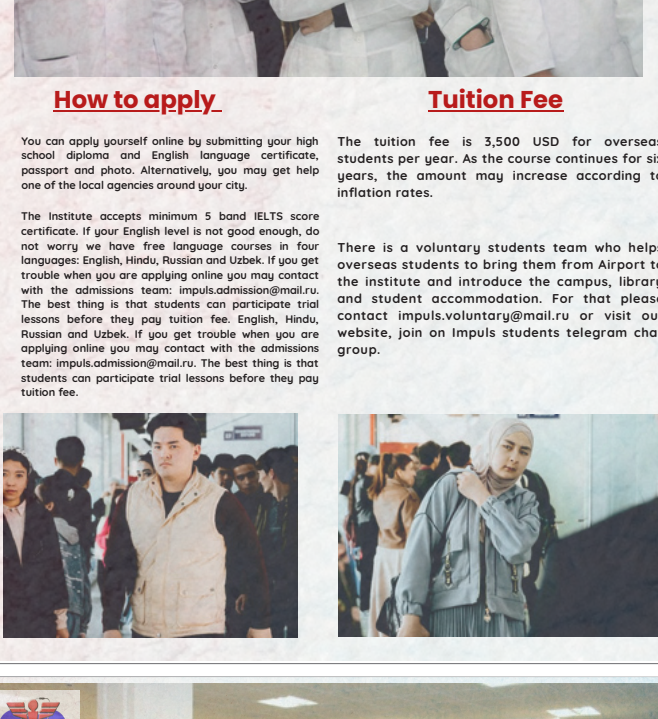

- USMLE (United States Medical Licensing Examination) study;
- Work and Travel;
- Hybrid Study;
- Grants for 10% top highest achievers in exams;
- Practice based study;

### General Medicine Faculty

Students are now studying general medicine which involves prevention, diagnosis, and treatment of adult diseases. Currently, students who have enrolled general medicine faculty are being familiarised on an advanced level with the field of medical science, through experimental practice, observation, theoretical and practical knowledge. In addition, students can be visit once a week to one of the clinics which has been working cooperatively with Impuls Medical Institute and participate general medicine diagnosis and treatments. Plus, live treatment videos will be showing soon so students can watch from institute itself.

PHD ASGAROVA NARGIZA

From September 2023 another three faculties will be open for students. They are Faculty of Dental Practice, Faculty of Pediatrics and Faculty of Pharmaceutical Sciences. Local and overseas students can study full-time only on these faculties as an undergraduate student. As study structure is based on USMLE. All lessons are held in English language by high qualified teachers and PhDs whose English levels are above B2 at least.

### USMLE STUDY

Impuls Medical Institute teaches students based on USMLE system. The United States Medical Licensing Examination (USMLE) is a three-step examination for medical licensure in the U.S. The USMLE assesses a physician's ability to apply knowledge, concepts, and principles, and to demonstrate fundamental patient-centered skills, that are important in health and disease and that constitute the basis of safe and effective patient care. For successful top students, Impuls Medical Institute pay all the fees related to exam costs.

When students graduate, they take USMLE exam, successful students can be able to work in developed countries. Medical licensing authorities accept the USMLE program in the United States, Israel, New Zealand, UAE, and Qatar. These countries accept the USMLE scores and exempt candidates from other eligibility criteria. Apart from that, during the last year of study for overseas students specialists will be engaged to prepare them for their countries requirements exam to be a physician in their country such as MBBS for India, TUS for Turkey.

USMLE 2024 new rules have already been accounted in and considered by Impuls Medical Institute, there is no worries about that as the Institute has already applied for accreditation. ECFMG

### STUDENT LIFE

**Impuls Medical Institute**

The importance of student life at Impuls Medical Institute

In our institute, traditionally, student life is valued highly by the students, teachers and also parents. We always try to make sure every student spend his or her golden life time meaningful, purposeful and joyful. Hence, we try to provide everything they need and give them opportunity to become professional when they grow up. Their goals, roles and identities are connected to and dependent on their academic qualifications, success and skills.

The Institute try not to end student life for the even at graduation and post graduation, because if student life stops, they stop learning, they stop growing. Therefore it is so important to stay open to all life experiences, get ready to leave their bad habits behind. One of our ambition is to remind them the great memories even they grow up and work at the top places they want.

Everything needs to be for students life to make them happy.

Everything is for students

We try to enjoy our students not only during academic period, lessons but also to spend their spare time joyful. Free large swimming pool, gym, pitch, art corner, radio station, music room where they can play different musical instruments, all are example of enjoyment for students to assure them they should not be busy with only study

### Institute Staff

Currently, Impuls Medical Institute has more than hundred staff throughout all departments, including eighteen professors, twenty three senior teachers and other fields specialists. Some of the PhDs, senior teachers and marketing & sales departments have been engaged from abroad: India, the United Kingdom, Malaysia, Newzadags, HR department is working on to bring high qualified teachers and specialists from Germany and Singapore in addition, the institute is investing its teacher to study further in Korea and Japan with a contract so that they will return to the institute as soon as they complete their studies. All of staff have IELTS certificates as they are highly based on their levels of the requirements because of the fact that the institute study system is based on USMLE (United States Medical Licensing Examination). All teachers have been tested for USMLE before they start working and will be trained to assure they can teach students and prepare future USMLE exams.

IMPULS MEDICAL INSTITUTE has a cooperative contract between more than five medical clinics which provide students internship and paid job when they graduate.

There is not only IMPULS MEDICAL INSTITUTE, but also there is a medical clinic with its name "IMPULS". This is one of the guaranteed salary place for all students as the clinic accept doctors from its Institute directly every year.

The salary range for the IMPULS staff and doctors are between 20,000 USD and 48,000 USD monthly plus bonuses and skills, plus bonuses and Holiday pay (sick pay, maternity pay)

All clinics above have diagnostics, ambulatory surgery, laparoscopic, endourology, therapeutic areas, MRI, MSKT.

There are always surgeries, every month high qualified doctors are brought from overseas. As the cost is increasing to bring doctors from abroad, IMPULS has started to prepare those kind of doctors in the institute by bringing doctors to the institute to make sure that students should also learn surgeries and operations.

### How to apply

You can apply yourself online by submitting your high school diploma and English language certificate, passport and photo. Alternatively, you may get help one of the local agencies around your city.

The Institute accepts minimum 5 band IELTS score certificate. If your English level is not good enough, do not worry we have free language courses in four languages: English, Hindi, Russian and Uzbek. If you get trouble when you are applying online you may contact with the admissions team: [impuls.admission@mail.ru](mailto:impuls.admission@mail.ru). The best thing is that students can participate trial lessons before they pay tuition fee. English, Hindi, Russian and Uzbek, if you get trouble when you are applying online you may contact with the admissions team: [impuls.admission@mail.ru](mailto:impuls.admission@mail.ru). The best thing is that students can participate trial lessons before they pay tuition fee.

### Tuition Fee

The tuition fee is 3,500 USD for overseas students per year. As the course continues for six years, the amount may increase according to inflation rates.

There is a voluntary student team who helps overseas students to bring them from Airport to the institute and introduce the campus, library and student accommodation. For that please contact [impuls.voluntary@mail.ru](mailto:impuls.voluntary@mail.ru) or visit our website, join on Impuls students telegram chat group.

### LIBRARY

Librarian: **Shoira Dulasheva**

Contact details: **+91-9455239319**

For more information visit our website: [www.impulsmi.uz](http://www.impulsmi.uz)

Impuls Medical Institute has a large library that serves students for sixteen hours a day, including weekends and bank holidays. There are more than thousands of books that consist of twenty languages.

While most of the books are medical, there are also world literature books, world recognized magazines about medicine and science. For those who are interested in learning Uzbek language from very beginning to advanced language courses are held for overseas students.

Furthermore, The Institute Library has a electronic book section that has been equipped about 10000 books for students. Students can be able to use any time and prepare for their assignments if they do not have their laptops.

Apart from that, there is a book translation team who translate USMLE preparation books from English to Uzbek for students who are not better at English. For international students, books are given in English always. And exams will be in English.

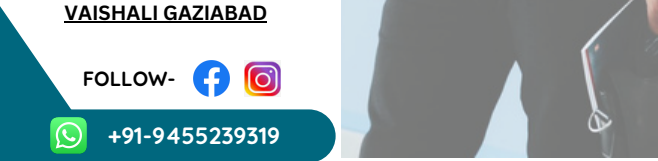

### STUDENT ACCOMMODATION

Overseas students provided for all facilities can choose where they stay during their study period. They can choose also hotels, PC, hostels and local houses, apartments to stay. Apart from that, free swimming pool, gym, tennis, football pitch one is free of charge. For accommodation purposes, there is radio which can be monitored by students themselves.

### 300 ROOMS

### INSTITUTE LICENSE

Namangan Impuls Medical Institute has been accredited from Ministry of Education in Uzbekistan officially with the number No-47559 for the general medicine 60910200 Official notary/translation into English you can find in our website: [www.impulsmi.uz](http://www.impulsmi.uz).

### Impuls Medical Institute

LABORATORY

The Institute has well occupied airconditioned laboratory with all the latest equipment to carry out clinical experiments to obtain information about health of a patient to aid in diagnosis, treatment and prevention of disease. The laboratory is also equipped with different manikins. These manikins, also known as 'trainee patients', have similar weight distribution as that found in humans. Our lab has manikins for skills such as CPR, intramuscular injection, catheterisation, suture procedure etc. We organise hands-on training sessions for students throughout the year.

### NAMANGAN CITY

Impuls Medical Institute is located in the region called Namangan which is eastern part of Uzbekistan. Currently, more than one million population are living there. The city is about 150 miles away from the capital city, Tashkent.

Namangan is popular with its flowers. Every year in spring the city celebrates "FLOWERS DAYS". There will be more than two hundred types of flowers.

The weather in all parts of the country is that you can feel all seasons separate. There is usually snow in winter (-10 to -15), hot weather in summer (+25 to +45), hot weather in spring and autumn.

The people in Uzbekistan are very welcoming. They love tourists all around the world and always invite tourist to their homes. As most of foreign students like this hospitality, they love to live in their houses. Therefore, some overseas students rent local houses by sharing with the hosts owners.

### NATIONAL FOOD

Uzbek national food is popular with its gummy taste. The most popular one is pilaw which contains rice, carrots, meat, garlic and pepper. Samso, soup, manti and mastava are consumed every day at Uzbek cousins. There is different types of options for vegetarians as well. In addition, KFC and fast food branches you can find anywhere.
